

Dear Mrs. Hunt.

Thank you so much for your sweet letter about my Grandfather's license plates. When I was a child, those license plates used to hang in my grandparents' garage (17 Hatchett Mtn Rd). They were all the license plates from my grandparents' cars. My favorite plate was the oldest as it was made of porcelain and was "prettier" (i.e. not rusty) than the others.

Unfortunately my mother, Betsy (aka Sarah Elizabeth) passed away several years

ago. She would have been tickled pink to know that you hung up all those old license plates. Please accept the

enclosed donation to the Hope Historic Society in remembrance of my parents, ~~Bill~~ Bill & Betsy (William & Sarah) True.

The next time we are in Maine, we will stop by to see the license plates

Sincerely,

Anne True
